COOPERATIVE

CAREER OBJECTIVE

A soon-to-graduate software developer passionate about crafting functional web solutions. Fueled by a love for pop culture and geeky inspirations, I merge these influences into my development projects. My goal is to create software that harmonizes enjoyment and utility, emphasizing aesthetic appeal alongside functionality. Seeking to leverage diverse skills in PHP, Laravel, JavaScript, React, Java, and C++ to innovate and build efficient digital platforms.

WORK EXPERIENCE

DATA ENCODING

CENTRAL LUZON STATE
UNIVERSITY | AUGUST 2023

- Managed student subject enrollment, ensuring accurate and complete academic records.
- Performed precise data entry and facilitated seamless updates within the Office of Admissions.
- Efficiently handled tasks involving adding, removing, and enrolling subjects for students, ensuring academic record accuracy.
